I am pleased to submit the Law Commission's ministerial briefing paper on *Alternative approaches to abortion law* (NZLC MB4, 2018).

As discussed with your office, the briefing paper will be published on the Law Commission's website today.

I note that the Termination of Pregnancy Bill 2018 (Qld), referred to in the briefing paper, was passed by the Queensland Parliament on 17 October 2018. This development is not reflected in the briefing paper, which had already been finalised for printing. It will, however, be noted in an addendum to the electronic version of the briefing paper.

Yours sincerely
